VIOLATIONS

Failure to complete, operate, and maintain the Project in accordance with the Findings of Fact and Conclusions of Law, in violation of Condition 17 of Land Use Permit 8B0401.

ASSURANCE OF DISCONTINUANCE

Pursuant to the provisions of 10 V.S.A. § 8007, the Natural Resources Board (Board) and Nathaniel Court Condominium Ass'n (Respondent) hereby enter into this Assurance of Discontinuance (Assurance or AOD), and stipulate and agree as follows:

STATEMENT OF FACTS AND DESCRIPTION OF VIOLATIONS

1. Respondent Nathaniel Court Condominium Ass'n owns a residential condominium development in Bennington, Vermont (Project).
2. On May 18, 1988, the District 8 Environmental Commission issued Land Use Permit #8B0401 (the Permit) to Jack Heaton, authorizing the Permittee to construct and use 40 residential condominium units and related improvements on a 2.2 acre tract on South Street in Bennington, Vermont.

Failure to use wood clapboard and wood trim:

3. Condition 17 of the Permit states:

This project shall be completed in accordance with the Findings of Fact, Conclusions of Law, and Order #8B0401, and in accordance with plans and exhibits stamped "Approved" and on file with the District Environmental Commission. In the event of any conflict, the terms and conditions of this permit and the facts relied upon in the Findings of Fact and Conclusions of Law shall supersede the approved plans and exhibits.

4. Section 8 (g) of the Findings of Fact states:

8(g)The architectural style of the building will blend with the historic house with

narrow wood clapboards, pitched roofs, and traditional trim details.

5. On page 5 of Exhibit 3, Schedule B to the Land Use Permit application, under Criterion 8, the applicant stated, in relevant part:

Landscaping, site layout, and the building's design harmonize with the character of the neighborhood. The building exteriors will be of horizontal wood clapboard with an opaque stain of warm gray hues, contrasting trim and gray roof.

6. On April 26, 2016, an investigation by the Board's Enforcement Officer revealed that the Respondent had replaced the original wood clapboards with vinyl siding in approximately 2006.
7. Respondent failed to maintain wood clapboard and trim on the exterior of the buildings, in violation of Condition 17 of the Permit.

AGREEMENT

8. Respondent shall comply with Land Use Permit 8B0401, as amended, except as provided herein.
9. No later than 30 days following the entry of this Assurance as an Order by the Superior Court, Environmental Division, the Respondent shall pay the following:
- a. pursuant to 10 V.S.A. Ch. 201, a civil penalty in the amount of **\$1,750**, for the violations noted herein, by good check made payable to the "**State of Vermont.**"

11. Respondent shall not deduct, nor attempt to deduct, any payment made to the State pursuant to this Assurance from Respondents' reported income for tax purposes or attempt

to obtain any other tax benefit from such payment.

12. In lieu of complying with the Permit requirements for wood siding, Respondent shall pay to the **Division for Historic Preservation (Recipient)**, the sum of **\$27,500** for a Supplemental Environmental Project (SEP) (10 V.S.A. § 8007(b)(2)), which the Recipient shall use for the following purpose and subject to the following guidelines:
