SUPERIOR COURT	Docket No.
LAND USE PANEL of the NATURAL RESOURCES BOARD, Petitioner,)))) ASSURANCE OF
v.)	DISCONTINUANCE
BRYAN F. ADAMS, Respondent	

VIOLATIONS

Failure to properly dispose of solid waste from commercial butchering process in violation of Condition 7 of Land Use Permit #7C1206 and 10 V.S.A. § 6081(a).

ASSURANCE OF DISCONTINUANCE

Pursuant to the provisions of 10 V.S.A. § 8007, the Land Use Panel of the Natural Resources Board (Panel) and Bryan F. Adams (Respondent) hereby enter into this Assurance of Discontinuance (Assurance), and stipulate and agree as follows:

STATEMENT OF FACTS AND DESCRIPTION OF VIOLATIONS

- Respondent owns an approximately 16-acre parcel of land on Joe's Brook Road in Barnet, Vermont, described in Book 97, Page 222 of the Town of Barnet land records (the Project Tract), and more particularly described as 1770 Joe's Brook Road in Barnet, Vermont.
- 2. The Project Tract is subject to Land Use Permit #7C1206 (the Permit) which authorized, *inter alia*, the construction of a 28' X 40' building for the operation of a custom butchering business.
- 3. Condition No. 7 of the Permit states: "Solid waste from the butchering process shall be disposed of at an approved landfill. Waste shall be collected in a dumpster which shall be emptied on a regular basis. The waste shall be transported directly to a landfill, not to a transfer station. Any future plan to compost solid wastes on the site shall be subject to amendment to this permit."

- 4. On May 6, 2010, acting to follow-up on a previous citizen complaint about Respondent burning animal wastes and other historical complaints of improperly disposed-of animal remains, District 7 Environmental Coordinator Kirsten Sultan and Permit Compliance Officer John Wakefield visited the project tract and witnessed a large pile of solid waste containing portions of animal remains approximately 40 feet from the permitted building.
- 5. Respondent violated Condition No. 7 of the Permit and 10 V.S.A. § 6081(a) by failing to properly dispose of solid waste from the butchering process.

AGREEMENT

Based on the aforementioned Statement of Facts and Description of Violations, the parties hereby agree as follows:

- A. Respondent shall abide by Condition 7 of the Permit and properly dispose of all solid waste generated by the butchering process as required thereby.
- B. With respect to the existing pile of solid waste described in Paragraph 4 above, Respondent shall either remove the existing pile of solid waste and dispose of it at an approved landfill within forty-five (45) days the date on which this Assurance is signed by the Environmental Division of the Superior Court, or Respondent shall immediately:
 - (1) cover all animal remains in the solid waste pile with at least twenty-four inches (24") of soil;
 - (2) take all other necessary steps to manage the existing solid waste pile to avoid migration of offensive odors, flies, pests and scavengers offsite, and;
 - (3) file and diligently pursue an amendment to its Act 250 permit for an after-the fact authorization for Respondent's solid waste pile.

Should the District Commission deny any requested amendment to allow on-site composting of the existing solid pile, Respondent shall remove the existing pile of solid waste and dispose of it at an approved landfill within thirty (30) days of such denial, notwithstanding any appeal(s) of said denial.

- C. Pursuant to Condition 7 of the Permit, Respondent may seek authorization via a permit amendment for the future on-site composting of butchering process waste.
- D. Respondent shall comply with all applicable Accepted Agricultural Practices issued by the Vermont Agency of Agriculture, Food and Markets pursuant to 6 V.S.A. § 4810 and all applicable Accepted Composting Practices issues by the Agency of
